The following is the Proclamation of Governor Sharkey, of Mississippi, in relation to colored testimony lately wildliched. published:

EXECUTIVE OFFICE

Jackson, Miss., Sept. 25, 1865. By an order bearing date the 20th instant, Col. Samuel Thomas, Assistant Commissioner of the Freedmen's Bureau in this State, proposes to transfer to the civil authorities of the State the right to try all cases, in which the rights of freedmen are involved, either for injuries done to their persons or property. This proposition is made, however, on condition that "the individual of second dition that "the judicial officers and magistrates of the Provisional Government of the State will take for their mode of procedure the laws now in force in this State, except so far as those laws make a distinction on account of color, and allow negroes the same rights and privileges as are accorded to white men before their courts," by which I understand that negroes shall be allowed to testify in es where their interest is involved.

And believing that the late constitutional amendment which abolishes slavery, abolishes also all laws which constituted a part of the policy of the system of slavery in declaring that the negro shall be protected in his person and property, established principles which, of themselves, entitle the negro to sue and be sued, and as a necessary incident to such right that he is made competent as a witness, according to the laws of evi-dence of the State:

Now, therefore, I, William L. Shar-key, Provisional Governor of Mississippi, with the view of securing to our citizens the right of trial before their own officers, and under their own laws, rather than by a military law, do hereby proclaim and make known that, in all cases, civil and criminal, in which the rights of negroes are involved, either for injuries done to their persons or property, or in matters of contract, the testimony of negroes may be received, subject to the common law rules of evidence as regards competency and credibility which prevail in regard to white persons. And I do, therefore, accept the proposition of Col. Samuel Thomas. Assistant Commissioner of the Freedmen's Bureau of this State, and request that no Freedmen's Court shall hereafter be organized, and that those already in existence be closed, and instructed to transfer the cases before them to the civil authorities; and I hereby instruct all judicial officers and magistrates to act accordingly, until the Legislature shall act upon this subject.

Given under my hand, and the great seal of the State affixed, this the day and date above written.

W. L. SHARKEY, Provisional Governor of Mississippi.

Pianoes placed in town halls, public libraries, public halls, free schools and academies, which are maintained at public expense, or thrown open to the public free of charge, are exempt from tax under schedule "A."
